## Why study overseas?

Combine study and travel to set yourself up for a global career as you develop the cultural competencies and confidence to work effectively across borders, while having the experience of a lifetime

It's definitely worthwhile! It's scary at the beginning, but at the end, you'll be so proud of yourself for being brave enough to do it.

competitive edge

## Myth busters!

Think you know about student exchange? Think again.

We bust some of the most common myths about travelling overseas for study. Find out what the real deal is with travel costs, degree completion times, requirements, language fluency, and more.

**Myth Exchange is only for the 'top' students**

**Fact** At the University of Sydney, our aim is to send 50 percent of our students on a short- or longer-term mobility experience by 2020. Provided that you meet the minimum eligibility criteria, we will find an opportunity for you.

**Myth Studying overseas is expensive**

**Fact** It doesn't have to be. Remember that you will be living and studying abroad, not travelling on holiday. Living costs vary significantly across the globe, even in different regions of the same country. Food, accommodation and transport can be much cheaper than Sydney in many locations. Plus, there are a number of scholarships, grants and loans available to help.

**Myth Exchange means it'll take me longer to finish my degree.**

**Fact** You'll remain enrolled during your exchange and receive credit for your studies. Exchange shouldn't delay the completion of your course requirements.

**Myth My options are limited because I can't speak another language.**

**Fact** Many of our partners in non-English speaking countries across Europe and Asia offer a broad range of courses taught in English.

**Myth Studying overseas means I have to commit to a whole semester or year in another country.**

**Fact** You can complete one or two subjects in as little as 3 weeks during the winter or summer break.

**Myth Studying abroad won't help my job prospects.**

**Fact** Studies show that employers associate learning abroad with the development of key skills such as tolerance, open-mindedness, initiative, and adaptability\*. Studying abroad will give you an invaluable global perspective and show that you're willing to step outside your comfort zone. It could also give you an international network of connections!

\* (Crossman & Clarke, 2009)

Go on exchange. Explore the world. Get lost, and find yourself. Remember, everything will always work out well in the end!

**Anton Baychkov**  
Lund University, Sweden

# Exchange partner universities at the fair

“The easiest way to make friends was just saying hello in class, and mixing with people rather than keeping to yourself. A simple conversation can go a very long way – I met two of my closest friends on orientation day by just introducing myself.”

# Technical University of Denmark (DTU)

## New partner!

### About

Founded in 1829 with the mission of creating value for the benefit of society, DTU is an international elite technical university where education, scientific advice, and innovation rest on a solid foundation of world-class research. For almost two centuries DTU, Technical University of Denmark, has been dedicated to fulfilling the vision of H.C. Ørsted—the father of electromagnetism—who founded the university, to develop and create value using the natural sciences and the technical sciences to benefit society.

The University is at the academic and multidisciplinary forefront of the technical and the natural sciences—with new initiatives in a number of demanding engineering disciplines, including sustainable energy technology and life science.

Lyngby—or even the King's Lyngby—is a lively commercial centre, a university town, a green residential area, and a vibrant centre for culture and recreation. Known colloquially as 'the Green Area' more than half of the municipality consists of forests, fields, lakes and streams.

### Accommodation

You can apply for accommodation after you receive your acceptance from DTU. There are various options available both on-campus and off-campus.

## Denmark

# University of Copenhagen

### About

Denmark's largest and oldest university, the University of Copenhagen is renowned for the quality of its research and teaching, offering an excellent academic environment in the centre of beautiful Copenhagen. It's ranked in the top 50 in the world, is a member of the International Alliance of Research Universities (IARU), and has produced no less than eight Nobel Prize winners.

Københavns Universitet is renowned for the quality of its research and teaching. It challenges students personally as well as intellectually, developing students' practical as well as theoretical skills. Students are expected to adopt a critical approach to their work and to contribute to class, resulting in a stimulating academic environment. More than 10 per cent of the students are international and the university welcomes this exchange of knowledge and new ideas.

Considered to be one of Europe's best student cities, Copenhagen offers a wonderful quality of life. There is a wide range of museums, arts festivals and concerts, as well as numerous bars, cafes and restaurants, including the best restaurant in the world, Noma. The city is relatively small and you can easily get around its parks, waterways and charming cobbled streets by foot or bicycle. It's also cheap, safe and clean – what's not to like?

### Accommodation

The University of Copenhagen Housing Foundation is able to assist students in finding accommodation.

### Semester/Year Exchange

**Semester 1:** September – January

**Semester 2:** February – June

### Student Experience:

I would 100 % recommend it. I found the quality of teaching really high, and their work/play balance very comfortable. Within Denmark it is easy to do road trips on the weekends because the country is so small! You can easily cycle up or down the coast if you want a challenge. I did most of my travelling throughout the other Scandinavian countries, some with friends, and also with ESN organised tours. This part of the world is very expensive though, so it is hard to travel cheaply!

## Italy Università Ca' Foscari

### About

Originally founded as the first business school in Italy, Università Ca' Foscari is an important part of Venice's cultural heritage. Studying here gives students an opportunity to experience the art, culture, history, economics and tradition of this amazing location.

Ca' Foscari offers a wide spectrum of English-taught programs and courses for international students. The University has a solid research reputation and is famous for its expertise in Economics, Foreign Languages and Literature, Humanities and Science.

Teaching is integrated into a wide cultural program, with more than 800 conventions, exhibitions, film, theatre and music performances arranged by the University every year.

Ca' Foscari is located right in the heart of Venice. A city built on water, Venice is famous for its gondolas, gothic architecture, glass-blowing, masks, fine food and history. Venice is a city you'll never forget.

### Accommodation

While Ca' Foscari does not offer accommodation, they do assist students in finding housing options.

### Semester Exchange

**Semester 1:** September- January  
**Semester 2:** February - June

### Student Experience

Definitely take Italian for Foreigners (part of the Ca' Foscari School for International Education), but otherwise their IR department is very qualified, so all of the courses are very well taught. Italian courses are part of the School for International Education which is specifically designed for exchange students. Ca' Foscari also provides a Buddy programme, where you choose a buddy (a Ca' Foscari student).. Would highly recommend this - my buddy has now become one of my closest friends here in Venice.

## Japan

# Aoyama Gakuin University

### About

AGU has established a reputation for its teaching and its international ambience and is widely recognised as one of the leading private Christian universities in Japan. It aims to educate students with a strong sense of social sensibility and morality so they may contribute to society. AGU has 23 departments, organised into 9 faculties, 9 graduate schools, and 3 professional graduate schools.

Exchange students can study courses from any discipline, but they must also take part in compulsory Japanese language classes.

The main campus is located in Aoyama in central Tokyo. Tokyo is a world famous city that is dazzling in its modernity but still manages to retain its traditional culture along with a passion for everything new. The city may seem overwhelming and incomprehensible at first, but gradually most people who spend any amount of time there grow to love it.

### Accommodation

Aoyama Gakuin offer dormitory style accommodation.

### Semester Exchange

**Semester 1:** April - August

**Semester 2:** September - February

### Specific requirements

Aoyama Campus and Science & Engineering / Social Informatics at Sagamihara Campus: students must have Japanese language ability equivalent to N5 Japanese Language Proficiency Test (JLPT).

### Student Experience

If you want to be in Tokyo, I can't imagine being in a better university. The Aoyama campus is literally 7-ish minutes from the Shibuya crossing and you'll end up spending a lot of time in that area. It literally feels like home to me now. Aoyama campus is actually pretty beautiful, and seems like a little green oasis of trees amongst all the daunting buildings and people. The school pride is very strong, and you'll find yourself wanting to partake in the multitude of school logo'd merchandise available at the stores and joining the huge number of very passionate clubs. The classrooms are well equipped, the buildings are modern and clean, the teachers are very intelligent and the students are genuinely lovely.

## Netherlands

# University College Maastricht and Maastricht University School of Business and Economics

### About

Located in one of the oldest and most beautiful cities in the Netherlands, Maastricht University is renowned for its innovative teaching methods, high ranking research and international orientation. It's the most international and bilingual university in the country and most courses have an international theme. Located in traditional buildings spread throughout the city-centre, the University provides a very student-friendly atmosphere and there are plenty of programs taught in English. University College Maastricht has been ranked the best 2017 Dutch undergraduate programme by the Keuzegids Universiteiten. With a total of 98 points (out of 100), its first position is head and shoulders above other Dutch university colleges.

The Netherlands is one of Europe's smallest countries but it has one of the most important economies. It's known for its high quality education and as a safe country where most people speak English. Maastricht is a lively city best known for the Maastricht Treaty, which established the European Union in 1992. It offers Spanish and Roman ruins, interesting architecture and delicious food and drink, with a busy student atmosphere.

### Accommodation

Maastricht Housing help exchange students of Maastricht University to find suitable accommodation,

### Semester Exchange

**Semester 1:** February – June

**Semester 2:** August – January

### Student Experience

Societies are seemingly for Dutch students only, but you can join sports groups easily. UCM has little groups that are more welcoming, like the feminist society who host dinners, or language tandem in cafes, where you can go and learn another language. The ESN network organises lots of parties and trips for the international students. I also did free Spanish classes, contact the language faculty. They are run after hours and are a great, fun activity. You won't regret it!

## Netherlands Radboud University

### About

Radboud University is a leading research university with a strong student orientation, located in the heart of Europe. It is the fastest rising Dutch university in the international university rankings and has seen the award of two Nobel Prizes for Physics to professors it's connected to.

Originally founded as the Catholic University Nijmegen to promote the emancipation of Roman Catholics in the Netherlands, Radboud University Nijmegen is still committed to equal opportunity and has the highest percentage of female professors in the country, and the highest relative number of students whose parents did not go to university. It is located on a beautiful green campus with modern buildings and good facilities all clustered together on one square kilometre of the former Heyendael estate. It offers a close-knit student community with individual guidance from leading researchers. More than 80 nationalities are represented on campus.

The Netherlands is one of Europe's smallest countries but it has one of the most important economies. It's known for its high quality education and as a safe country where most people speak English. Nijmegen is a small centre with a pleasant waterfront on the River Waal, cafes and boat tours. It has a large student population, a museum showcasing modern art and Roman antiquities, and a concert hall and several theatres. The cultural centre LUX is the largest art house cinema in the Netherlands. You can easily visit nearby Germany from here.

### Accommodation

International exchange students who come to Nijmegen for study or an internship can request assistance from the International Office in finding accommodation.

# Wageningen University

### About

Wageningen University and Research Centre (Wageningen UR) has the unique position of being the only university in the Netherlands to focus on healthy food and the living environment. Wageningen UR's history dates back to 1876, when it opened as a national agricultural college during a European agricultural crisis. Now Wageningen UR has a more broad focus and is consistently ranked as one of the world's top universities. It is ranked number one by QS rankings in its life sciences specialism and had been chosen as the best university in the Netherlands by students for the past 7 consecutive years.

Wageningen is a leader in newer scientific disciplines of biotechnology, molecular biology and computer sciences. Its mission is "to explore the potential of nature to improve the quality of life".

A city of nearly 35,000 inhabitants, Wageningen is a historical town known for its small and cosy characteristics. Whilst it retains this small town feel it has easy access to big cities such as Utrecht or Amsterdam. The city's geographic location, at a convergence point of several different landscapes, makes Wageningen one of the most environmentally diverse regions of the Netherlands.

#### About

A so-called "Red Brick" University, Manchester University was a product of the civic university movement of the 19th Century. It is one of the most popular universities in England and more students try to gain entry than to almost any other university. It boasts 25 Nobel laureates, four of them currently on staff. The University has the largest selection of undergraduate courses in the country. Courses draw on Manchester's world-leading research and links to global industry.

Manchester is considered the "uncrowned" capital of the North. It is among the most multi-cultured cities in England and cultural attractions aside, you can also eat, drink and dance yourself into oblivion. Famous for its music scene, bands such as The Smiths, New Order and Joy Division put it on the map in the 1980s.

### About

York University is known for the excellence of its teaching, its social inclusion and the strength of its research.

Located within walking distance of historic York's city centre, the Heslington campus is home to the University's eight colleges and most of its departments. Several departments are located at the historic King's Manor. A multi-million dollar expansion plan in recent years has resulted in seven new buildings, some of which will house the Faculties of Arts and Humanities, Sciences and Social Sciences.

York is a world famous city of extraordinary cultural and historical wealth. Magnificent 13th Century walls enclose a spider web of narrow streets, numerous bars and restaurants and one of the most beautiful Gothic cathedrals in the world.

### Accommodation

The University of York guarantees accommodation for accepted students, providing you apply by the accommodation deadline.

### Semester Exchange

# Northeastern University

### About

A private research university located in Boston, Northeastern is a global leader in experiential learning and research. It has a strong focus on global engagement and welcomes thousands of international students every year.

The hallmark of a Northeastern experience is experiential learning, which integrates study with professional work, research and service. Much of what students learn is outside the classroom, giving them a deeper understanding of their studies. The attractive urban campus offers grassy open spaces, exceptional facilities, a vibrant student centre and good support for international students, right in the heart of Boston.

Boston is one of America's most forward thinking cities, boasting universities, libraries, technology centres and financial institutions – it has possibly more researchers and PhDs per capita than anywhere else in the world. You can easily walk around this fascinating city and the public transport system is excellent. There is the ocean, lakes, mountains and wilderness nearby.

### Accommodation

Northeastern's 'Housing and Residential Life' office provide a comprehensive accommodation service to assist you with finding housing.

### Semester Exchange

**Semester 1:** January – May

**Semester 2:** September – December

### Student Experience

Boston really lights up in the spring and summer, but despite the brutal winter, there is always something to do so long as you know people. If you're on a budget, it's actually surprisingly easy to travel around Massachusetts to go to the woods, hiking, Singing Beach, catch the Chinatown bus to New York, or the train to providence.

There was a strong social justice orientation at Northeastern and my professors went above and beyond to foster open, safe, learning communities.

# University of Pennsylvania

### About

A private, Ivy League comprehensive teaching and research university, the University of Pennsylvania (Penn) is renowned for its teaching, world-class faculty and quality students. It was established by Benjamin Franklin and boasts a number of world firsts, including the first collegiate business school, Wharton, and the first electronic, large-scale, general-purpose digital computer, ENIAC.

Just 145 km from New York City, Philadelphia boasts historic colonial buildings, wide streets and open public spaces as well as great food, music and arts scenes. It was once the second largest city in the British Empire, after London, and the country's capital at the start of the Revolutionary War. Penn's campus offers beautiful green recreational spaces and it's unique among Ivy League universities for having all of its schools located on a single campus.

### Accommodation

Living on campus is an essential part of the Penn experience. All exchange students are required to live on campus and participate in a dining plan their first year of enrolment. There are different styles of accommodation available at varying prices.

### Semester Exchange

**Semester 1:** January – May

**Semester 2:** August – December

### Short-term programs

**Term:** June – August

**Level:** Undergraduate

**Subjects areas:** Business, economics, science, arts and social sciences, languages

Spend 6 weeks of the July break undertaking two undergraduate classes at the University of Pennsylvania. You will also enjoy social and cultural activities in and around Philadelphia.

### Student Experience

The university culture at Penn is quite different from anything in Australia. Get involved in all of the traditions, marches, concerts, etc. - there are so many wonderful free events to take advantage of. Almost all of the students - even in arts subjects - are very studious. It is really easy to make friends with exchange students, but put in some extra effort to make friends with Americans. It will make your experience richer.

# University of Texas at Austin

### About

One of the largest and best research universities in the US, the University of Texas at Austin offers academic excellence in a city renowned for its entrepreneurial spirit. The University is the flagship of the University of Texas System, which includes nine academic universities and six health institutions statewide.

The University offers thousands of events, concerts, lectures, student organisations and facilities including an art museum, history centre, research library, gym and sporting arena, a visual arts centre, student union and one of the largest stadiums in the US, home to the beloved Longhorns football team.

With a big lake and endless Texan skies, Austin is a vibrant city with an entrepreneurial spirit that has seen the emergence of technology, engineering and health care industries. Amid the movie stars and tech start-ups you'll find great art and music, including two major music festivals. The Tex Mex food is great and it's normal to have tacos for breakfast.

### Accommodation

Once you have been accepted to the University of Texas at Austin, you should begin researching and arranging housing as early as possible. Housing is limited, especially within walking distance of campus however the University does have a housing placement service to help you find accommodation.

### Semester Exchange

**Semester 1:** January – May

**Semester 2:** August – December

### Student Experience

Do it! Austin is an incredible city, and UT is so big that there is room for everyone to find something or a group of people that they can come to be friends with. It's very progressive compared to the rest of the South and will definitely leave you with unforgettable and life changing memories.

Studying abroad challenged me to go beyond my comfort zone and broaden my horizons – so much that the same person who left Sydney isn't the same person who came back

Miriam Asar, University of Edinburgh, UK

## Global Citizenship Award

As a GCA participant, you will be invited to attend a series of dynamic distinguished speaker events and practical skills development seminars around the key themes:

- global citizenship
- leadership in an international context
- community and diversity

Through the GCA, you'll be supported to make the most of overseas and local student programs such as international exchange, faculty-led programs, international internships and volunteering.

You will:

- hear from influential leaders across a range of fields
- strengthen your intercultural competencies
- create meaningful international networks
- maximise your overseas study and/or work experience

- prepare yourself to compete in increasingly global labour markets
- understand your role as a global citizen
- receive recognition on your graduation statement

You will earn points for participating in events and activities focused on one or more of the program themes, from a range of local and overseas options. You'll be encouraged to undertake an experience abroad during your time at the University. You can also complete the program without going abroad, through globally focused opportunities available in and around the University.
